

Stand-alone shock sensor, NFA2P approved

CH9335BC1

Specifications

Detection range	Up to 6 m
LED indication	Yes
Power supply	10 to 15 VDC
Current consumption	
Quiescent	8 mA
Alarm	2.5 mA (LED off)
Operating temperature	-20 to +50°C
Alarm contact rating	0.1 A - 28 VDC
Tamper	28 VDC - 100 mA
Dimensions (W x H x D)	93 x 30 x 25 mm
Colour	White/brown

Ordering Information

CH9335BC1 Stand-alone shock sensor, NFA2P approved

- ◆ Reliable 24 hour loop perimeter protection
- ◆ Superior technology provides excellent detection and false alarm immunity
- ◆ Suitable for all types of solid structures
- ◆ Versatile mounting through 360° axis
- ◆ 24 carat gold plated internal mechanics for optimum performance & long life
- ◆ Integrated analyser
- ◆ Adjustable sensitivity for fine tuning installations
